

PROTECTION & DURABILITY FOR MOISTURE-PRONE AREAS

Ramuc® MPC-34 is a self-priming, high performance, water-based paint specially formulated for areas prone to moisture, such as indoor pools, bathrooms, locker rooms, steam rooms or anywhere mold and mildew is a concern. **MPC-34** is ideal for all interior surfaces, providing a durable finish that easily withstands humid, challenging conditions that would otherwise promote unsightly mold and mildew growth or cause paint failures.
